

# Telligen Maternity Management Program

## EDUCATION AND SUPPORT

Telligen's Maternity Management Program is designed to educate and provide support throughout the pregnancy to promote healthy mother and baby.

Our maternity health coaches have many years of maternal health clinical experience. This experience is valuable in supporting and providing your members with the education tools they need. The maternity health coaches utilize motivational interviewing skills to help target interventions to help reduce the chances of early delivery and low-birth weight babies.

## HOW IT WORKS

## DID YOU KNOW

- Premature births cost over \$26.2 billion per year
- Medical costs for premature birth are four times the cost of a full-term newborn
- 40% of low birthweight infants have two readmissions within the first year

Source: March of Dimes

## THE TELLIGEN DIFFERENCE

- Staff expertise, leading to improved outcomes for your members
- Dedicated maternity health coaches who facilitate a trusting relationship with your members
